Hon. Trevor Holder  
Minister of Post-Secondary Education, Trade and Labour  
Government of New Brunswick

**Ref. Support to Ukrainians**

Minister Holder,

As New Brunswickers, we have been moved by the dramatic events in Ukraine. We applaud the Government of New Brunswick for its welcoming support and action in attempts to assist Ukrainians looking for a new beginning.

The Cities of New Brunswick is in close communication with socio economic partners and is actively supporting initiatives in their representative communities. We stay committed for as long as it takes to get our most recent newcomers situated.

We are reaching out to you today to assure you of our openness and willingness to collaborate and to discuss any initiative that would require further engagement from the eight cities of New Brunswick and/or our association.

Sincerely,
